Victoria Falls

Victoria Falls, Blue Mountains NP, is a large waterfall dropping over a grey rock overhang. The cascade is produced by Victoria Creek dropping over the approximately-15m cliffs. A scree slope leads up behind the falls, and below the falls the rocks are very slippery. These falls are well worth a visit, with the great views from the top of the falls, and the accessibility of the bottom of the falls, making a great trip.

Burra Korain Flat Camping Area

Burra Korain Flat Camping Area, Blue Mountains NP, is a small clearing between the Victoria Creek and Grose River. The campsite is well signposted and has nice sitting logs and plenty of space for a few tents. Water can be accessed from either river or creek but should be treated before use.

Blue Gum Forest

Blue Gum Forest, Blue Mountains NP, is a large stand of Eucalyptus deanei trees on the junction of the Grose River and Govetts Creek. The magnificent trees stand tall on the flats with low vegetation beneath. The trees of Blue Gum Forest represent the protection efforts of Myles Dunphy, who lead a group to raise the 130 pounds required to buy the Blue Gum Forest - quite a sum in 1931 during the depression - and save it from being cleared. The group were successful and the Blue Gum Forest is now protected within the Blue Mountains National Park. [More info](#).
